*Welcome aboard Historia.*

Evoking the spirits of yore, with the relevance of the modern day. Imagery of fluttering, cream linen curtains on an aged, wise deck; one with stories to tell and things that have been seen. Roving throngs of eager, curious tourists, marveling in the sensory delight of their surroundings; the majesty of ancient history, the lingering touch of the not-so-distant past and the undeniable influence of the enveloping present. Historia draws on elements of the legendary boat's past, as well as a subtle nod to the roots and heritage of Egyptian culture. Communal lounges and dining rooms allow passengers to mingle and socialize, while also giving them the needed privacy for a more relaxed experience.

# *The Solaria*

Take in the spectacular surrounding nature and soak in the sun rays aboard the Historia's Solaria deck. Enjoying the uninterrupted view from the luxury of the ship's own swimming pool is the perfect way to cool off after a day of exploring historical sites.

The image shows the interior of a restaurant with a modern, minimalist design. The ceiling is a prominent feature, consisting of numerous thin, parallel wooden slats that create a rhythmic, textured pattern. The floor is made of large, light-colored tiles. The dining area is furnished with round wooden tables and matching wooden chairs with a curved backrest. In the background, there are glass partitions with vertical slats, and a bar area with shelves holding bottles and plants. The overall atmosphere is warm and sophisticated.

# *Nória Restaurant*
